

The *PURSUIT* of Perfection

There are two things that Mr. Wayne Schmidt loves: Fishing and Pursuits.

Over the past 30 years, Mr. Schmidt has fished our local waters and has done so in a plethora of Pursuits. We at Quality Boats are proud to proclaim that Mr. Schmidt has bought 7 boats from us over the years- all being Pursuits/Tiaras and one Grady White.

When asked why he keeps coming back to the Pursuit line he states with complete satisfaction- "Quality". Mr. Schmidt has looked at and owned several other boat lines over the years, but in the end he keeps coming back to the Pursuits because, as he says, "They are just great and as a company, Pursuit (S2 Yachts) has always taken care of me."

His latest Pursuit is the newest addition to the Pursuit line- The 375 OS. His favorite thing about his new boat is "Everything!". He explains that overall the boat is just amazing; from the fit and finish, to the way the boat handles, to the air conditioned helm, he just loves the boat from bow to transom. He also mentions how much positive feedback he has gotten from those that have seen the boat. "Everyone comments on how pretty the boat is.", Mr. Schmidt says happily.

Mr. Schmidt admits that he likes to fish for "Anything and Everything", but he especially enjoys backwater fishing and sailfishing. We at Quality Boats wish Mr. Schmidt the best of luck catching the "Big Ones" on his beautiful and impressive new 375 OS!

Thanks for everything Mr. Schmidt. You are an amazing customer and valued member of the Quality Boats' Family!
